SFA CHAPTER 51
LADIES AUXILIARY

Meetings

One Annual Meeting per year is conducted more as a social gathering than official business.

If driving is an issue we can work out transportation needs.

We support our men and morally support each other as you in turn support your home fronts.

Enrollment opportunities are extended to all Ladies whose sponsors are in good standing with our SFA Chapter 51. If you join the SFA Chapter 51, Ladies Auxiliary before January 2008 you will be considered an Original Member and your dues will always remain at \$10 for yearly renewal. Anyone joining after 1 January 2008 will be charged \$15. We encourage everyone to join in with us now as we demonstrate to National and other SFA Chapters our solidarity. Your dues will provide you a copy of our newsletter as an update to our gatherings. But, intended most importantly as a change of pace from your daily activities. Working ladies need a break and are the last ones in line before everything else is done. We know that and will not task you or any of our Ladies with any more than you may want to handle.

We have come along as pioneers in a field where others have not all succeeded. Stay with us and have your names added to the record books as belonging to a special group of people. The distinction of being the very first Ladies from the State of Nevada who proudly stand today as much as yesterday in support of their men in uniform.
