**Hello Ladies,**

**Memorial Day found Chapter 51 assembled at the Boulder Veteran's Cemetery. Preparing to pay our respects to our Advanced Party. Mother Nature cooperated the best she could and even an accident did not deter our progress. Thank You, President Aurelio and Mrs. Flores for all your preparations to guarantee another success, as documented by KLAS Channel 8 News.**

**June will find our Ladies Luncheon dining at the Black Bear Diner, Thursday, 29 June, 1130. I will need RSVP's as usual.**

**Final thought, here we go again! Prepare in your travels. Take water and make sure your cell phones are working. Can be more fun than running to hospitals!**

**Stay Safe, see you soon,**

**Judy**

## Small World After All

On Monday, Memorial Day 2017, Al Hendley went to Smith's to pick up a couple items. He was going through the self check out line when a young man who was with his wife and two children told Al to go in front him because they needed one of the machines on the end of the counter that had more room. While Al was checking out the young man came up to him because he saw his Special Forces shirt Al was wearing. Then he asked him if he was with the 5<sup>th</sup> Group in Vietnam? He then asked him if he had been in SOG? Al replied, "No he wasn't that he commanded the Special Forces Camp Plei Me".

The young man continued that his father was a fighter pilot and was shot down over Laos. When his father called for a "Jolly Green Giant" for extraction he was told to find a hiding place because it would be hours before they could get to him. About that time another aircraft called in stating "if you need help we can get you"! It ended up that this chopper had just infiltrated an RT Team into Laos. When the chopper came in it was totally blacked out and had no markings. They dropped a rope to pull out. Dangling around, holding on for dear life, the chopper's personnel had a difficult time getting him into the chopper but they managed to do so.

He then thanked Al for his service, needless to say, Al thanked the young man, for his father's service to our country, as well.

**Memorial Day, Boulder Cemetery— Special Forces Ceremony**

**Tere Flores—Busy as she was spotted a lady who was sitting the end of the ceremony in the hot sun waiting for her husband to help clear away chairs. She brought that lady a bottle of cold water. The lady protested saying she had water in the car. Tere encouraged the lady to drink the water. That kind gesture noticed by the President's wife was more helpful that realized at the time.**

**My sincere appreciation to our ladies for helping to demonstrate the kindness, support and understanding all our SFA 51 Auxiliary represents.**

**A Sincere Thank you!**

## HAD IT ALL!

I talked to a homeless man this morning and asked him how he ended up this way. He said, “Up until last week, I still had it all, I had plenty to eat, my clothes were washed and pressed, I had a roof over my head, I had TV and Internet, and I went to the gym, the pool, and the library. I was working on my MBA on-line. I had no bills and no debt. I even had full medical coverage.” I felt sorry for him, so I asked what happened???

**Drugs? Alcohol? Divorce?**

“Oh no, nothing like that, “ he said,

“No, No....I was paroled.”
